1. Child Protection Ethos

We in Dromore Road Primary School have a responsibility for the Pastoral Care, general welfare and safety of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or neglect of a child is suspected and outlines referral procedures within our school.

2. Principles

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, the Department of Education (Northern Ireland) guidance "Pastoral Care in Schools- Child Protection"(DENI Circular 99/10) and the Area Child Protection Committees' Regional Policy and Procedures(2005).

The following principles form the basis of our Child Protection Policy.

- It is a child's right to feel safe at all times, to be heard, listened to and taken seriously.
- We have a pastoral responsibility towards the children in our care and should take all reasonable steps to ensure their welfare is safeguarded and their safety is preserved.
- In any incident the child's welfare must be paramount, this overrides all other considerations.
- A proper balance must be struck between protecting children and respecting the rights and needs of parents and families; but where there is conflict the child's interest must always come first.

3. Other Relevant Policies

The school has a duty to ensure that safeguarding permeates all activities and functions. This policy therefore complements and supports a range of other school policies including:

6. What Is Child Abuse?

The following definitions of child abuse are taken from the Area Child Protection Committees' Regional Policy and Procedures (2005).

6.1 Definition of Abuse

Child abuse occurs when a child is neglected, harmed or not provided with proper care. Children may be abused in many settings, in a family, in an institutional or community setting, by those known to them or more rarely, by a stranger. There are different types of abuse and a child may suffer more than one of them. The procedures outlined in this document are intended to safeguard children who are at risk of significant harm because of abuse or neglect by a parent, carer or other with a duty of care towards a child.

The following definitions of child abuse are taken from 'Co-operating to Safeguard Children and Young People in Northern Ireland 2016'.

6.2 Types of Abuse

Physical Abuse is deliberately physically hurting a child. It might take a variety of forms, including, hitting, biting, pinching, shaking, throwing, poisoning, burning or scalding, drowning or suffocating a child.

Emotional Abuse is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional development. Emotional abuse may involve deliberately telling a child that they are worthless or unloved and inadequate. It may include not giving a child opportunities to express their views, deliberately silencing them, or 'making fun' of what they say or how they communicate. Emotional abuse may involve bullying-including online bullying through social networks, online games or mobile phones-by a child's peers.

Neglect is the persistent failure to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision or shelter that is likely to result in the serious impairment of a child's health or development. Children who are neglected often suffer from other types of abuse.

Sexual Abuse occurs when others use and exploit children sexually for their own gratification or gain or the gratification of others. Sexual abuse may involve physical contact, including assault by penetration (for example, rape, or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing.

Exploitation is the intentional ill-treatment, manipulation or abuse of power and control over a child or young person; to take selfish or unfair advantage of a child or young person or situation, for personal gain. It may manifest itself in many forms such as child labour, slavery, servitude, engagement in criminal activity, begging, benefit or other financial fraud or child trafficking.

6.3 Sexual Exploitation of Children and Young People

Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status.

Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

6.4 Domestic Violence

It is now recognised that children who live in an atmosphere of domestic violence may be at risk. Domestic violence is any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass, but is not limited to, the following types of abuse:

- Psychological
- Physical
- Sexual
- Financial
- Emotional

Symptoms which young people may display and which are indicators only include:

- Nervousness
- Low self-worth
- Disturbed sleep patterns
- Nightmares / flashbacks
- Physiological – stress / nerves
- Stomach pain
- Bed wetting
- Immature / needy behaviour
- Temper tantrums
- Aggression
- Internalising distress or withdrawal
- Truancy
- Alcohol and drugs
- Bullying

These symptoms can lead to a child/ young person being misdiagnosed as having an illness, learning difficulties, or being naughty or disruptive.

If it comes to the attention of school staff that domestic abuse is or may be a factor for a child/young person this must be passed to the Designated/Deputy Designated Teacher who has an obligation to share the information to Social Services.

We will take seriously any concerns which are raised about a pupil in our school who has self-harmed and/or has expressed suicidal thoughts.

The Designated/Deputy Designated teacher will immediately follow the school's child protection procedures.

A child may suffer or be at risk of suffering from one or more types of abuse and abuse may take place on a single occasion or may occur repeatedly over time.

7. Procedures for making complaints in relation to child abuse

7.1 How a Parent can make a Complaint

At Dromore Road Primary School we aim to work closely with the parents/guardians in supporting all aspects of the child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner. If a parent has a concern they can talk to the class teacher or the Principal/Designated teacher for child protection. If they are still concerned they may talk to the Chair of the Board of Governors. At any time a parent may talk to a social worker in the local Gateway team or to the PSNI Public Protection Unit. Details of who to contact are shown in the flowchart in **Appendix 2**.

7.2 Where the school has concerns or has been given information about possible abuse by someone other than a member of the school staff including volunteers

Where staff become aware of concerns or are approached by a child, they should not investigate – this is a matter for Social Services – but should report these concerns immediately to the designated teacher and full notes should be made. These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the designated teacher. The person who reports the incident must treat the matter in confidence.

The designated teacher will decide whether, in the best interest of the child the matter needs to be referred to Social Services. If there are concerns that the child may be at risk, the school is obliged to make a referral. Unless there are concerns that a parent may be the possible abuser, the parent will be informed immediately.

The designated teacher may consult with the Education Authority's Designated Officer for Child Protection or Social Services Gateway Team before a referral is made. During consultation with the Designated Officer the child's details will be shared. No decision to refer a case to Social Services will be made without the fullest consideration and on appropriate advice. The safety of the child is our prime priority.

Where there are concerns about possible abuse and a referral needs to be made the designated teacher will telephone Social Services Gateway Team. She will also notify the EA Designated Officer for Child Protection. A UNOCINI (Understanding the Needs of Children in Northern Ireland) referral form will also be completed and forwarded to the Gateway team with a copy sent to the EA Designated Officer for Child Protection.

If the Principal has concerns that a child may be at immediate risk from a volunteer, the services of the volunteer will be terminated immediately.

This procedure with names and contact numbers is shown in **Appendix 3**.

7.3 Where a complaint has been made about possible abuse by a member of the school's staff

If a complaint about possible child abuse is made against a member of staff, the Principal (or Designated teacher if she is not available) must be informed immediately. The above procedures will apply (unless the complaint is about the Principal/Designated teacher).

If a complaint is made against the Principal, the Designated Teacher will inform the Chairperson of The Board of Governors who will ensure that necessary action is taken.

Where the matter is referred to Social Services the member of staff may be removed from duties involving direct contact with pupils (and may be suspended from duty as a precautionary measure pending investigation by the appropriate authorities). The Chairman of the Board of Governors will be informed immediately. Child protection procedures as outlined in Appendix 4 will be followed in keeping with current Department of Education guidance.

This procedure with names and contact numbers is shown in **Appendix 4**.

The following are guidelines for use by staff should a child disclose concerns of a child protection nature.

Do:	Do not:
<ul style="list-style-type: none"> ❖ Listen to what the child says ❖ Assure the child they are not at fault ❖ Explain to the child that you cannot keep it a secret ❖ Document exactly what the child says using his/her exact words ❖ Remember not to promise the child confidentiality ❖ Stay calm ❖ Listen ❖ Accept ❖ Reassure ❖ Explain what you are going to do ❖ Record accurately ❖ Seek support for yourself 	<ul style="list-style-type: none"> ❖ Ask leading questions ❖ Put words into the child's mouth ❖ Ignore the child's behaviour ❖ Remove any clothing ❖ Panic ❖ Promise to keep secrets ❖ Ask leading questions ❖ Make the child repeat the story unnecessarily ❖ Delay ❖ Start to investigate ❖ Do Nothing

8. Attendance at Child Protection Case Conferences and Core Group Meetings

The Designated Teacher/Deputy Designated Teacher or Principal may be invited to attend an initial and review Child Protection Case Conferences and/or core group meetings convened by the Health & Social Care Trust. They will provide a written report which will be compiled following consultation with relevant staff. Feedback will be given to staff under the 'need to know principle on a case-by-case basis. Children whose names are on the Child Protection register will be monitored and supported in accordance with the child protection plan.

9. Confidentiality And Information Sharing

Information given to members of staff about possible child abuse cannot be held "in confidence". In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. Where abuse is suspected schools have a legal duty to refer to the Statutory Agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a 'need to know' basis.

10. Record Keeping

All child protection records, information and confidential notes are kept in separate files in a locked drawer. These records are kept separate from any other file that is held on the child or young person and are only accessible by the Designated Teacher, Deputy Designated Teacher and Principal.

Should a child transfer to another school whilst there are current child protection concerns we will share these concerns with the Designated Teacher in the receiving school.

11. Vetting Procedures

All staff paid or unpaid who are appointed to positions in the School are vetted in accordance with relevant legislation and Departmental guidance.

12. Code Of Conduct For all Staff Paid Or Unpaid

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust, and that their behaviour towards the child and young people in their charge must be above reproach. The school's code of conduct is available on request.

13. Staff Training

Dromore Road Primary School is committed to in-service training for its entire staff. Each member of staff will receive general training on Policy and procedures with some members of staff receiving more specialist training in line with their roles and responsibilities. All staff will receive basic child protection awareness training and

refresher training every 2 years. The Principal/Designated Teacher/Deputy Designated Teacher, Chair of the Board of Governors and Designated Governor for Child Protection will also attend relevant child protection training courses provided by the Child Protection Support service for Schools.

When new staff or volunteers start at the school they are briefed on the school's Child Protection Policy and Code of Conduct and given copies of these policies.

14. The Preventative Curriculum

In the classroom, the PDMU curriculum is used as a means of encouraging children to raise social and emotional concerns in a safe environment and to build self confidence, respect and sensitivity among classmates.

Throughout the school year child protection issues are addressed through whole school assemblies and there is **a permanent child protection notice board in the main corridor**, which provides advice and displays child helpline numbers. A flow diagram of how a parent may make a complaint is also on display. An enlarged flow diagram for a teacher allegation is in the staff room.

Other initiatives which address child protection and safety issues:

- Participation in community awareness programmes run by PSNI e.g. Stranger Danger
- NSPCC Visits
- Northern Ireland Fire and Rescue Service talks on Fire Safety. (Year 5)
- Internet Safety Day events

15. Monitoring And Evaluation

The Safeguarding Team in Dromore Road Primary School will update this Policy and procedures in the light of any further guidance and legislation as necessary and review it annually. The Board of Governors will also monitor child protection activity and the implementation of the child protection policy on a regular basis through the provision of reports from the Designated Teacher. On-going evaluation will ensure the effectiveness of the Policy.
